

**Your agent moved
the money.**

**Can you prove it was
allowed to?**

**FOUR QUESTIONS FOR ANY AGENT
INFRASTRUCTURE VENDOR**

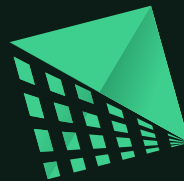

- 01** Can the agent bypass the policy check?
- 02** Is every decision replayable as evidence?
- 03** Who actually holds the signing key?
- 04** Can the operator audit its own infrastructure?

KYI

KNOW YOUR INTENT

Our answers:

The KYI overview and a short technical walkthrough.

No. 047 / 500

TOKEN2049 SINGAPORE · BOOTH MB89

abstraxn

KYI

KNOW YOUR INTENT

Checked against a mandate before the agent signs. Proof written after.

abstraxn.com

The questions
are the same.

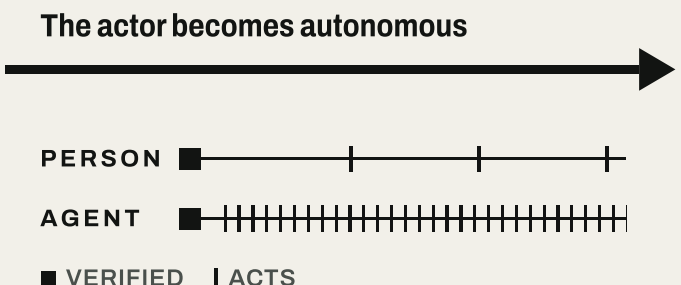

The actor is not.

Compliance, restated
for autonomous actors.

UNTIL NOW

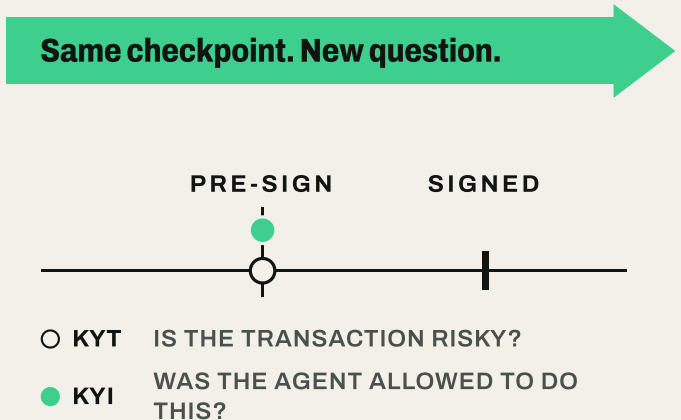

KYC

Know Your Customer
Identity, verified once, at onboarding.

KYT

Know Your Transaction
Screens addresses and flows. Assumes a human meant it.

abstraxn

THE AGENTIC ERA

KYA

Know Your Agent
On-chain identity, portable across registries.

KYI

Know Your Intent
The mandate is checked before the agent signs. The proof is posted after.
